At police headquarters, Meeks received ready assistance. A general alarm was sent out, and coples of a photograph of Mary Snyder that her brother had were distributed among the stations. In Mubberry street the chief assigned Detective Mullins to the case.

"This is not a very difficult case to unravel. Shave off your whiskers, fill your pockets with good cigars, and meet me in the cafe of the Waldorf at three o'clock this afternoon."

Why You Should Be Careful of Gases in Your Garage By Dr. LEONARD K. HIRSHBERG, A. B., M. A., M. D.

Scientific instruments of precision too numerous to mention prove that there are many real material exist-ences strictly "of the earth earthy," unsmellable and unheard of vapors. among which are various gases. Your senses cannot perceive more than half a dozen of the scores of invisible, Poison gas of closed garages, ellos, sewers and tunnels, called carbon monoxide, is but one of these invisi-

ble and treacherous enemies. Under the auspices of the United States Bureau of Mines, Prof. Yandell Henderson of Yale has been able to learn from experiments not only the limit of human toleration for carbon monoxide, but to establish with living subjects the transitory but important effects of intermediate stages of exposure.

His work has led him to the conclusion that four parts of the gas in 10.000 of air would have no appreciable effect upon those who traverse certain tunnel, that the vitiation of the atmosphere by the waste gas of hundreds of gasoline motors will make it necessary to station traffic patrolmen assigned to duty within the tube at strategic points near the heads, where ventilating fans furnish a rich supply of oxygen, and that in case of a block within the tunnel it must be a rigid rule that all engines be stilled within five minutes, lest all those prisoned within be poisoned.

Prof. Handerson's experiments lead him to warn motorists, especially those who have small garages, to be ever on guard against running their engines indoors.

Carbon monoxide forms a direct combination with the haemoglobin of the red (oxygen-carrying) cells of the blood, and to the extent that it unites with them, deprives them of their capacity to convey oxygen to the tissues. Thus the vital combustion processes of the body are lessened and pathological effects at once are in order. This oxygen starvation has been found to have some curious and interesting effects. All private garages ought, to be

fitted with a hose connecting with the exhaust and discharging the carbon monoxide gas outside. This would be an almost ideal way of ventilating the garage and ridding it of the polsonous gas. At least the owner of the garage should be sure to open the doors if he starts his engine to warm it up before leaving. The large garages and public places ought to be provided with ducts and flexible tubes so that they can be con

# It's Half the Breakfast, Madam

Don't Disappoint the Men

The meal that starts a man's day is the most important, and half that meal is the coffee.

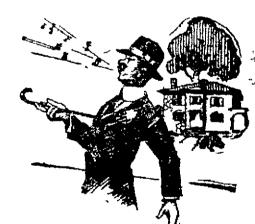

If it's good one day but poor the next he thinks he has a valid "kick." And he has too, madam; but he shouldn't "kick" at you.

For your brands may be inconstant in flavor. You may keep the pot clean and make the coffee in the same way daily and yet the flavor varies.

"Folger's Golden Gate" Coffee is different. The flavor never changes. If you are regular in your method this coffee always tastes the same. The world's best rate coffees varythat's the trouble. We make scores of sample blends and roasts. Expert tasters test each trial roast.

So every can of "Folger's Golden Gate" is uniform in flavor-ready to keep faith with you.

Some roasters won't take the necessary care. They overlook these inequalities in raw coffees, and so they're passed on to you.

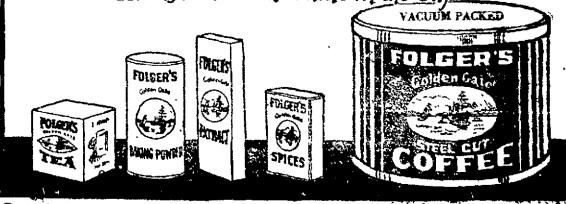

No wonder he whistles... for coffee's half the breakfastand the better half, too."

"Folger's Golden Gate" is the finestflavored coffee you have ever tasted -and it brings to your table just what men and you are seeking-mily. Let your men folks try it once.

Try making "half the breakfast" with "Folger's Golden Gate," madam. It will end all coffee-making troubles in your home. You'll have delicious coffee every day thereafter.

# TED SCHNEIDER EASILY OUTPOINTS HUGH WALKER

### ARMY HEAVYWEIGHT USES MR. WALKER FOR PUNCHING BAG Games Tomorrow

The start of the schedule.

Alameda-Bethlehem is showing the knockdowns equal one complete knockdown, then Ted can add up his many and its games. Moore ship-yard is following right on the lead-reshed with only one game lost. Second round Schneider hocked Walker with his left and lifted him off of one foot. In the next round he popped his man with a leaders, while the Union Construction leads is in the caller with no straight left that lifted Hugh off the other foot. Another ounce of force would have sent the eastern heavy tumbling to the floor, but as it was he kept his feet and took a man's size beating in every one of the four rounds. Walker didn't have a thing but gameness, and even this valuable asset will not win fights unless accompanied by a little hitting on the side.

Harry Engles popped Bat Larson with sverything in the book in the contented himself with jubbing his man around the ring.

Eolima Slows Up

Bert Colima started out like a chiriwind against Bum Spiers but he finished like a zephyr. Maybe Collima was entitled to the decision but the can't put any more pep into his work than he did in the last two rounds of the Spiers fight he is never soing to get anywhere. Spiers was beaten in the first two rounds but indeed of keeping up the pace in the field pair of sessions Colima grinned foolishly and stalled.

Tractors and Elks Will Meet in Third Game Next Sunday

Richmond Elka will visit to play their third game of the series with the C. L. Best Tractors. The Tractors have won the first two games, but must hustle for next Sunday's one, as the series calls for three wins out of five games, and if Babe Hollis is in shape he will cause worry to the Tractor batters. Hente Lay will work for the Tractore. George Mathews, an old favorite with the San Leandro fans. will return to the Tractor fold next Sunday and will play left field.

The Tractors are out to beat the Elks worse than ever, for they have learned that Otto Dietrich, manager of the Richmond club, tried to swipe Red Allen from them and use him against the Tractors Sunday. Allen refused to talk business with Dietrich.

Magee Doesn't Worry Chase

SAN JOSE, June 4.—"I got into one scrape over baseball gambling was completely exquerated. Magee's confession means nothing

This statement was made by IIal Chase, formerly with the Cincinnati Reds today when he was informed that an answer had been filled in the Federal court by a major league management to a suit instituted by Lee Magee, in which the club alleges that Magee confessed that himself and Chase placed bets against the Uncimation and that they then helped to lose the games. "Any man who would make a confession such as you say Magee has made involving another man is simply looking for an easy way out of a bad hole," Chase said, "there is absolutely nothing to it as far as I am concerned." formed that an answer had been

# OAKLAND PLAYERS SHOW GAMENESS IN BEATING THE TIGERS

### **BILLY HAMILTON HITS** IN TWELFTH INNING TO DEFEAT TIGERS

Manager Del Howard Is Chased by Umpire Holmes When He Argues Over Decision

Late dinners, some of them purchased at the delicatessen stores, was the menu in many Oakland, Alameda and Berkeley homes last evening, but the hubby who is a baseball fan and a rooter for Del Howard's Oaks found little cause to complain at his wife because, the eats were not on the table at the usual hour. Every Thursday the fair ones of the Eastbay flock to the local ball park to take advantage of the free admission to the park as that day is set aside Ladies' Day. Yesterday the brave ones sat until a few minutes before the striking of 6 o'clock to watch the Oaks defeat the Vernon Tigers 3 to 2 in twelve innings. But there were some who feared to stay for the final result, and they missed the chance to see little Billy Hamilton teach Billy Piercy, the Vernon pitcher a good lesson.

Piercy allowed only two hits from the sixth until the time that Hack Miller hit the ball to right center for three bases in the twelfth inning after one was out. An idea struck Bill Piercy that he should walk heavy hitters like Jack Knight and Eddle Spellman, and try to save the game by making Pop Arlett and Billy Hamilton stepped to the plate to bat, but Billy was allowed to take he bat but Billy was allowed to take his box score indicates. Eddie Spellman was hir by a pitched ball to again fill the bags. Then opened the road for the argument between Howard and Holmes. A. The whole Oak team surrounded the umpire, but it only resulted in Howard being chased from the field. Piercy sattled down and then fauned Hamilton and Buz Ariett to have the score a tie and the game run to the twelfth.

The Tigers got one in the first when Cooper dropped Pop Ariett's throw to first and allowed Mitchell to be safe. High singled to right

It was a terrific drive to right center when the bags were full in the twelfth inning that young Hamilton connected for and won the game for the Oaks. Russell (Buz) Arlett and Piercy furnished a pretty pitching argument for the fans, and just about the time that the twelfth inning was being reached fannies rushed to telephone booths to phone their hubbles that dinner would have to be late, as they just couldn't miss the finishing of the game.

Local fans are more than getting their money's worth at the local park these days. Some of the best games are being played here. A week ago yesterday the Oaks and Seals battled for thirteen innings, the local club winning out.
